ASX Announcement
MNF Group Limited (ASX: MNF)

8 October 2018

**MNF Group (ASX:MNF) to acquire the Wholesale and Enablement Business
of Inabox Group (ASX:IAB)**

The Board of Australian communications specialist MNF Group (ASX: MNF) is pleased to announce that it has entered into an agreement to acquire the wholesale and enablement business from Inabox Group (ASX: IAB). The business being acquired provides services to over 500 wholesale customers throughout Australia.

MNF will pay between \$30.5m and \$33.5m in cash subject to all earn out conditions being met and final calculation of working capital. Based on normalised FY18 performance, the Board anticipates the acquisition to generate revenues of \$55.0m and approximate EBITDA of \$4.2m before potential synergies and savings.

The initial purchase price will be funded through an extension of MNF's existing revolving acquisition facility. The earn out components are expected to be funded with free cash flow. Completion is expected to take place on 30 November 2018 and is subject to a number of conditions including approval from Inabox shareholders.

"IAB performs a leading role in the Australian wholesale telecommunications market and brings considerable volume and scale to the MNF business. The company is also recognised as the leading provider of SaaS enablement services to the industry – strongly complementing the MNF business." Said Mr Rene Sugo, MNF Group CEO.
